

ANGELA BONTEMPO | 13th Street Gallery

Grounded Flow

Angela Bontempo

Artist Statement

My work reflects a desire to live fully in the moment and appreciate life as it unfolds. Guided by emotion, intuition, and instinct, I create without rigid rules, exploring colour and texture through experimentation. I work primarily with acrylics, whose fast-drying nature allows for spontaneity and rapid layering. Oils are often added in the final stages to enhance depth and detail. Using palette knives, catalyst tools, and wide brushes, I build energy and movement across the canvas. Each painting evolves through transformation and discovery, often embracing imperfections that reveal unexpected possibilities. Through colour, texture, and depth, I seek to evoke emotion and presence.

Bio

Angela Bontempo is a contemporary abstract artist whose work explores the relationship between colour, texture, and emotion. Guided by intuition and instinct, she creates expressive acrylic paintings that evolve organically through layers of experimentation and discovery.

Working primarily with palette knives, catalyst tools, and wide brushes, Angela Bontempo embraces spontaneity and imperfection as essential elements of her creative process. Each piece becomes a journey of transformation, a reflection of the moment as it unfolds.

Her work invites viewers to connect with the immediacy of feeling and to experience the beauty of the present moment through vivid texture and depth.
